	<i>Skills Training</i> M. Serrage & N. Molina	M. Serrage & N. Molina	A-M Dixon / M. O'Sullivan & B. Flanagan
Friday, 26 July			
11.30	Hand in spiral/soft-bound copies of dissertations	12.00	Closing ritual for the ending of the programme
Friday, 2 August 2019 – all assignments completed/end of programme			

As well as the class-contact time for the delivery of modules, there are also 10 meetings with a spiritual director spread throughout the year and arranged between you and your spiritual director (we have a list of recognised directors), and five meetings in integration triads or quads (groups of 3 or 4) which, as far as possible, are arranged by the members of the triads/quads. We will provide you with assistance in choosing a spiritual director and in forming the triads/quads.

Please allow time, also, for meetings by appointment with the module leader of the spiritual accompaniment process module to review how the process is going.

Time also needs to be allowed for 6 sessions with a research supervisor, as well as for the likelihood of interviewing a small sample of people to gather data for your research dissertation. While the classes finish in May, assignments continue until August 2 and there will be a programme closing ritual on 26 July.
